

VANYA SOON TO TAKE NEW YORK BY STORM

Following her great success in Moscow and London, Vanya is all set to win a big following here in the Big Apple too. A disciple of Baba Vanga, the most famous mystic ever in Eastern Europe and the Soviet Union. This blind lady who foretold the twin towers disaster, the sinking of the Kursk and the arrival of Isis. During her long life in her native Bulgaria there were always hundreds of people waiting patiently to see her – to ask her vital, questions and to take advantage of her special healing powers. Many heads of State, including Stalin and Hitler, found the time to visit her. Today her church which she had built with her own money stands as a monument to her life's work, in helping so many thousands of people, giving them hope for their future and overcoming their fears. Having suffered so much at a young age she was never bitter – always so grateful for her life given over to the service of her saviour Jesus Christ.

Since Vanga's passing twenty years ago Vanya has been following in her footsteps remembering the advice and knowledge she gave her on her many visits to see her in Rupite. She has similar powers to Vanga which would seem to be growing in strength year by year. Vanga always called her daughter and recognised her as having similar gifts to her own. Vanya is fluent in English, Bulgarian and Russian and will be working in the New York area for the first two weeks of May. She will be available for readings, cleansing and life coaching, as you would expect from one of the worlds best Mystic Mediums. Vanya recently appeared on Russian TV Channel One on the Andre Malahov show, so don't be surprised to see her on one of our own major TV networks too!

Don't be disappointed please book early on the following New York number.....
